Six Tips For Successfully Managing Millennials

The Millennial generation – Americans aged 18 – 37, is the largest generation in U.S. history. Yup, bigger than the Baby Boomers, and 86 million strong. Next year, they’ll comprise 36% of the U.S. workforce, and by 2020, nearly half.

I love working with this generation. I find them to be a diverse group of curious, collaborative, and fearless folks. Not only are they highly tech-literate and efficient, but they constantly challenge me by discovering new applications and tools, and suggesting innovative ways to use them.
